

Immunize Kids! Dallas Area Partnership's mission is to:

Increase and sustain a 90% immunization coverage rate for routinely recommended vaccines for the 0-35-month-old age group in Dallas County.

The Partnership is made up of organizations and individuals representing a public/private partnership of civic/service organizations, businesses, health and human service providers, educators, and the faith community (see roster on other side). The Partnership seeks to involve all of the organizations working in the field of immunization in Dallas County.

In 2001 the Partnership received the Texas Public Health Association's "Thinking Progressively for Health" Award and has received the Merck Vaccine Division's "Millennium Time Capsule Award." The Partnership through the Community Council was honored with a state innovation grant from 2001-2003 to model an approach to immunization promotion to Hispanic parents in community clinic and hospital settings. Immunize Kids! collaboration with McDonald's "Immunize for Healthy Lives Campaign" is highlighted as a "Promising Practice" on the national immunization coalition website, www.izta.org (April 2007).

Immunize Kids! is facilitated by the Community Council of Greater Dallas, a United Way affiliate.

_____ **YES! We want to join Immunize Kids!**

Organization: _____

Name: _____

Title: _____

Address: _____

Phone: _____ Fax: _____

E-Mail: _____

Please indicate below how you or your organization would like to participate in Immunize Kids!

- Include us on the e-mail distribution list.
- We will attend quarterly meetings
(held on a Thursday every 3 months from 11:00 am to 12 noon at Dallas County Medical Society)
- We would like to participate in planning for the 2008 National Infant Immunization Week activities
- We would like to participate in the speaker's bureau for family education on Immunization
- We will distribute the Immunize Kids! Immunization clinic brochure.
- Other comments: _____
